

Mesterday.

The McKay's Beach Volunteer Fire Department was organized in April 1951. This original site was 3 miles away in a small community called McKay's Beach. The Ladies Auxiliary, organized in 1952, provided yearly funding through dances and dinners.

In 1959, the McKay's Beach VFD was renamed the "Second District Volunteer Fire Department" and by 1961, the Department saw a need to build a larger Fire Station in a more central location. Its current site on Drayden Road saw its first New Year's Eve dance in 1964. In 1973, the Rescue Squad was incorporated, becoming the Second District Volunteer Fire Department and Rescue Squad.

Moday...

Our first due district is 55 square miles with a permanent population of nearly 8,000 We residents. fire operate fireapparatus, a rescue boat,

3 ambulances, and 2 utility units with approximately 50 active members who provide Fire, Rescue, and EMS services to the Second and Ninth Districts. In 2020, our Department responded to over 2,800 emergency calls with over 440 being Fire & Rescue runs. The Auxiliary continues to provide support by holding monthly breakfasts, quarterly dinners, yard sales, craft shows, and numerous raffles.

Paving the way for our future...

Tomorrow...soon to be today!

The future of the SDVFDRS is bright! Our foundation of experienced members are committed to our community. Their volunteerism attitude and positive reputation continues to encourage young citizens to join the Department.

In 2013, just as they did 52 years before, the Membership determined that our station did not meet our current and future space requirements. Seven years after establishing a New Building Committee, the SDVFDRS broke ground for its new station. The new Station provides the space needed to support the Community for the next 50 plus years including administrative, training, and conference room spaces; properly sized apparatus bays; additional EMS, Fire, turn-out gear and administrative storage; and DECON and exercise rooms.

The entrance to the new station will be paved with bricks, engraved with the names of community members and supporting businesses. This is a beautiful and everlasting way to show your support of our community's Fire, Rescue, EMS, and Auxiliary service.
